H.R.1 Resource Hub Access FAQ

I'm part of a National Council member organization. How do I access this content?

The H.R.1 Resource Hub uses your regular National Council account. Click **Log In** on the Hub and sign in with the email address associated with your organization's membership. In most cases, that's your work email.

Lost your password? Click **Forgot Password** on the login page to reset it.

For any other login issue, including a reset email that doesn't arrive, a forgotten username or content that's still locked after you log in, email Membership@TheNationalCouncil.org.

How do I know if I'm a member?

National Council membership is held by organizations, so start by checking whether your employer is a member. Search the National Council member directory for your organization's name.

If your organization is listed:

- **Have an account?** Log in with your work email. If you've forgotten your password, click "Lost your password?" to reset it.
- **Don't have an account?** Create one using your work email, then email Membership@TheNationalCouncil.org so the team can link it to your organization.

For any other issue, email Membership@TheNationalCouncil.org.

I'm not a member. How do I become one?

The H.R.1 Resource Hub primarily features National Council member-only resources. Membership gives your organization advocacy that protects your funding, programs that strengthen your workforce, and a network of providers who understand the challenges you face. Visit the Membership page to learn more and find the option that fits your organization.
